Welcome

The Organizing Committee has the pleasure of welcoming you to the *10th International Symposium on Examples on Systems and Control*, ETH Zurich, Switzerland.

Aim

The aim of this symposium is to promote research activities and to enhance cooperation between researchers in Systems and Control.

Scientific Program Overview

1. One plenary lecture by *John Doe* (MIT) on **Advances in Optimal Control**.
2. One keynote by *Prof. Famous* (Stanford) on **The Future of Autonomy**.
3. Contributed short lectures. See the list of sessions for titles and authors.

Directions for Speakers

For a contributed lecture, the available time is 20 minutes. Please leave a few minutes for discussion and room changes. In each room, a projection screen and HDMI cable are available.
